CVE-2022-30652		>
CVE-2022-30653		(
CVE-2022-30654		(
CVE-2022-30655		(
CVE-2022-30656		⊘
CVE-2022-30657		⊘

Technical Details

Adobe has addressed its critical vulnerabilities and released an update for Adobe InCopy. This resolves security flaws that could allow the attackers to compromise vulnerable systems and trick victims to open files and execute arbitrary code on the system.

Users and organizations are encouraged to mitigate the situation by installing the latest version Adobe InCopy 17.3 or 16.4.2 for Windows and MacOS
